Sahil Gandhi

Profile

As a pursuing graduate with a degree in **B.Tech (Computer Science Engineering) specialization in Cyber Security and Forensics,** I am passionate about Vulnerability Assessment and Penetration Testing (VAPT). With **experience in programming/scripting languages and open-source analytical tools**, I am eager to apply my skills in **identifying and protecting against cyber threats**. I possess strong communication and time management skills and am **excited to grow in the field of VAPT**.

Education

Bachelor of Technology (CSE specialization in Cyber Security and Forensics)
Sharda University
2020 – present | Greater Noida, India

12th Science from CBSE Board
Heritage Senior Secondary School
2020 | Sambhal, India

10th from CBSE Board
Nirmal Ashram Deepmala Pagarani Public School
2018 | Rishikesh, India

Projects

USB Keylogger
- Designed and developed a USB keylogger capable of intercepting keystrokes and capturing data entered on a computer.
- Programmed the device to be undetectable by antivirus software and store captured data on the device for later retrieval.
- Conducted thorough testing to ensure the device functioned properly and was reliable.
- Explored ethical and legal implications surrounding the use of such a device.
